ARE NOT CITIZENS.

Puerto Ricans Must Be Naturalized
to Vote in This Country.

DECISION RENDERED.

Justice Freedman Holds That Puerto
Ricans Were Not Made Citizens
by Treaty and Will Not Be
Until Congress Acts.

New York, Oct. 30.—The application of Frank Juarbe, a Puerto Rican, for a peremptory writ of mandamus directing the board of registry to register him as a voter on the ground that he became an American citizen by virtue of the cession of Puerto Rico to the United States by Spain has been denied by Justice Freedman. In his opinion, article 14 of the constitution of the United States stating that all persons born or naturalized in the United States and subject to the jurisdiction thereof, are citizens of the United States, and of the state where they reside. The moving papers, he says, show that Juarbe was not born in the United States and do not show that he was naturalized.

Justice Freedman in his decision says that the treaties taking over the island of Puerto Rico did not make the inhabitants citizens of the United States, but on the contrary, left the determination of their civil rights and of their political status to the future action of congress and, he says, congress has not yet acted.

He therefore denied the motion to compel the board of registry to enroll Juarbe.

AFTER THE REFORMERS.

Chinese Blow up Four Houses Killing
Six Persons at Canton.

Hong Kong, Oct. 30.—Reports from Canton say the explosion that occurred there Sunday morning destroying four houses near the governor's yamen is likely to prove serious to the reformers. The officials, according to the advices, are convinced that the destruction of the yamen and the murder of the officials was contemplated. The house in which the explosion occurred was unoccupied, but was visited occasionally and the packages were taken there.

The lessee of the building is missing, but his guarantor has been arrested and the authorities hope to compel him to give the names of all persons implicated. It is probable that evidence will be manufactured against the sympathizers with reform movement. It has been ascertained that six persons were killed and two wounded.

Considered Form of Negotiations.

Pekin, Oct. 30.—A meeting of the diplomatists was held Sunday to consider the form of negotiations for a settlement of the Chinese difficulty. The decision arrived at is to be kept secret in order to prevent any information reaching the Chinese.

Russia Partially Agrees.

London, Oct. 30.—Russia, says the St. Petersburg correspondent of The Times in acknowledging the Anglo-German agreement, unreservedly accepts the first two clauses as establishing principles she herself already advocated. Concerning clause 3 she simply refers the two contracting parties to the Russian circular of Aug. 25, saying that she would modify her attitude according to circumstances. The fourth clause is very curtly dismissed with the remark that it does not call for comment.

Prefers the Penitentiary.

Pine Bluff, Ark., Oct. 30.—Dan Reagan, a white stranger, who grabbed a suit of clothes from R. M. Knox's store, ran away and was later captured, was fined \$100 and costs and sentenced to 30 days' imprisonment by Justice Vance Saturday. Reagan entered a plea of guilty of petit larceny. After sentence was passed he asked to be permitted to withdraw his plea of petty larceny and be allowed to plead guilty to a charge of grand larceny and be sent to penitentiary. Reagan prefers the penitentiary to the county farm. The state's attorney is considering the matter.

Edward Parker Deacon Insane.

Boston, Oct. 30.—Edward Parker Deacon, the millionaire who shot and killed M. Abel, who was occupying Mrs. Deacon's rooms while that lady was present in a Paris hotel, is a raving maniac. He was brought here from Europe about a year ago suffering from nervous prostration, and was placed in a sanitarium. Later he was taken to the McLean asylum for the insane at Waverly, where he is now under close surveillance.

Knocked Off a Train.

Canton, O., Oct. 30.—Joe Ess, leader of the Massillon military band, was killed near this city. He was riding on the platform of a crowded train from the Allien Republican meeting. He struck the truss of a bridge and was thrown from the train. He was 30 years of age and married.

Overdue Steamer Arrives.

Seattle, Wash., Oct. 30.—The long overdue steamer Robert Dollar has arrived from Nome with 350 passengers and \$1,000,000 in gold dust. She was delayed by storms.

Southern Journalist Dead.

New Orleans, Oct. 30.—Major Henry J. Hearsey, editor of the Daily States, and one of the best newspaper writers in the south, is dead. He founded The States in 1880.

A POLITICAL STORY.

Report That the Democrats Will Endeavor to Get Even With Cattlemen.

Austin, Oct. 30.—It has been learned from what is considered a reliable source that at the forthcoming session of the legislature, a bill will be introduced seeking to knock out all cattlemen in Texas, who are now leasing state lands, the proposition being to throw all state lands on the market for homesteaders, and not lease any for grazing purposes.

It is asserted that this step is taken in order to "even up" with the cattlemen who are trying to help McKinley's race by making conditional cattle sales and purchases. The charge is that the Texas cattlemen, dominated by the bankers, are now trying to throw their influence to McKinley while they are enjoying the favors of a Democratic legislature and administration in securing special land leases.

The various department heads are busy at work at present compiling data which will be used to aid the governor in preparing his initial message to the legislature when it convenes in January.

ALVORD UNDER ARREST.

Officers Find Him in a Cheap Lodging House at Boston.

New York, Oct. 30.—Cornelius Alvord, charged with embezzling \$690,000 from the First National bank here, was brought to this city by officers this morning.

Chief Inspector W. B. Watts of Boston, and detective Armstrong of New York made the arrest in an ordinary lodging house at Boston.

When arrested, Alvord, who knew Detective Armstrong, stated that he was glad the suspense was ended, and was willing to go back to New York without papers. He sat down on the bed and smoked a cigar and was only dressed in his underclothes at the time.

He afterward dressed quickly and packing a few underclothes in a bag, stated he was ready to go. A hack was called and he was driven to police headquarters, and after being measured and photographed under the Bertillon system he was taken to New York.

TOTAL POPULATION.

The Official Announcement Places it at 76,295,220, a Gain of 13,225,464.

Washington, Oct. 30.—The official announcement of the population of the United States for 1900 is 76,295,220 of which 74,629,907 is contained in 45 states, representing approximately the population to be used for apportionment purposes. There is a total of 134,158 Indians not taxed. The total population in 1890, with which the aggregate population of the present census should be compared was 63,069,756. Taking the 1890 population as a basis, there has been a gain in population of 13,225,464 during the past 10 years, representing an increase of nearly 21 per cent.

SENSATIONAL STATEMENT.

Anderson Says His Testimony in Caleb Powers Case Was Perjury.

Louisville, Oct. 30.—The Evening Post prints an affidavit of Finley Anderson, the telegraph operator upon whose testimony Caleb Powers was convicted of complicity in the murder of Governor Goebel, in which Anderson swears his story told on the stand at Georgetown was perjured. He says Attorney Campbell and the Goebel brothers paid him to swear this.

That Choctaw Extension.

Tecumseh, O. T., Oct. 30.—It is announced here by railroad authorities that the Choctaw railroad will extend their line south from Tecumseh at once. This branch line is now about seven miles long, and intersects the main line at Shawnee. The extension will pass through the southern part of Pottawatomie county and thence into the northern part of the Chickasaw Nation and through some of the best agricultural country of Oklahoma and Indian Territories.

Miser Brutally Murdered.

Morrilton, Ark., Oct. 30.—George Walters, and aged German miser, who lived alone on a farm 21 miles north of here, was brutally murdered at his home. The weapon used was an ax, the victim's head being pounded into a pulp. The object of the murderer is supposed to have been robbery, as the old man used to keep large sums of money in his house. A white man named Barney Newman has been arrested.

A New Spanish Navy.

Paris, Oct. 30.—According to The Matin the rebuilding of the Spanish fleet will be entrusted to French builders. The Spanish government, says that

paper, has given an order for 8 ironclads of 12,000 tons burden each, 4 armored cruisers of 8000 tons burden each and 100 torpedo boats. The order to be executed within ten years.

Earthquakes in Mexico.

Guadalajara, Mex., Oct. 30.—A series of severe earthquake shocks have been felt in the Colima district and on the Pacific slope south of here during the past several days. The Colima volcano is showing evidences of renewed activity. A great column of smoke is pouring from its crater.

Storm in Oklahoma.

Guthrie, O. T., Oct. 30.—During a heavy wind storm the home of Napoleon Thomas, near Moore, was wrecked, and he and his wife were badly injured. At Leroy three houses were badly damaged.

Central Asia's Cotton Crop.

St. Petersburg, Oct. 30.—The official report show the area under cotton cultivation in Russian Central Asia has increased 30 per cent this year.

WEBB BROS.

THE DAILY EAGLE.

BY CONNELLY & CARNES.

SUBSCRIPTION PRICE:
Per Week, 10c. - Per Month, 40c.
TUESDAY, OCT. 30 1900

As a general proposition a man likes most any kind of hat a woman chooses to wear, provided she will not get it between him and the stage at the theatre.

What are we waiting for to organize that industrial league? The time will soon be at hand for Bryan to do what she is going to do to secure that industrial school for girls, and the work can only be made effective through organization.

Less than one week and the great struggle for the mastery in the field of national politics will take place. Not many votes will be changed from now on by argument. The lines are closely drawn and most of the changes taking place will be of a commercial nature.

WITCH HAZEL

This indispensable household article is not always obtainable of extra good quality.

A poor extract of Witch Hazel like a poor drug is worthless.

We have an extra good quality of Witch Hazel—25c a pint.

FRESH HOPS, SAGE AND SPICES.

ROOSEVELT ASSAULTED.

He Is Attacked While on His Way to a Meeting at Elmira.

Elmira, N. Y., Oct. 30.—For the first time in New York state Theodore Roosevelt was assaulted on the streets of Elmira last night on the way to the place of meeting. He was in a carriage with ex-Senator Fassett and at several points along the road was pelted with eggs and vegetables, and greeted with the vilest epithets. He sat in dignified silence while the police looked on quiescently. The campaign club from Corning was also assaulted and a bitter fight ensued. In the places of meeting the governor had no interruption. After it was over he said: "It was nasty conduct, the conduct of hoodlums."

Governor Roosevelt finished the first day of his second week's campaign in this state by an invasion of the home of the Democratic candidate for governor John B. Stanchfield. His welcome to Elmira was a great political demonstration. There were nearly 1000 mounted rough riders, and the Lyceum and New Tivoli theaters were crowded with people. Overflow outdoor meetings were held. Fully 20,000 people were in town. The governor at all of his stops and especially at Elmira last night, devoted himself particularly to a defense of the national administration.

BOYS STARTED ASSAULT.

Roosevelt Says They First Threw Decayed Vegetable and Fruit at Him.

Elmira, N. Y., Oct. 30.—The Roosevelt party started westward early today. Stops of the day were numerous. The tour ended in Rochester.

The general conversation of the party was of the riotous times Monday night. Governor Roosevelt said the first attack on the carriage in which he and Senator Fassett were riding came from small boys. "I saw the boys fire vegetables and decayed fruit," said the governor, "and a few sticks were also thrown. It was a body of grown men, however, who pushed up against the carriage and thrust lithographs of Stanchfield in my face. Several times it looked as if it was the intention of the crowd to rush us out of the carriage, but a number of men on horseback gathered around and prevented them. I did not see the fracas in which the men were injured."

The Corning club which got into the fight in attempting to defend its banner from attack, suffered severely. Six men were quite badly wounded with stones and sticks and blood flowed quite freely. They were finally escorted to the station by police and put aboard their special train. "The city administration here is Republican," said Senator Fassett, "but the police force is Democratic."

An incident of the morning was the passing of three presidential trains at Elmira. Candidate Woolley of the Prohibition party went by on one side of the Roosevelt train and Candidate Bryan went by on his train a few minutes later, no courtesies being exchanged.

GREAT GATHERING.

Bryan Has Crowds to Hear Him Speak in and About New York.

New York, Oct. 30.—William J. Bryan last night brought to a close his electioneering work in Greater New York by making a speech to a larger and enthusiastic gathering at Hamilton Fish park in Manhattan and six speeches in Brooklyn.

The demonstration in Brooklyn was one of the largest political outpourings in the history of the borough. Over 100 bands furnished music and it is estimated that over 100,000 people saw and heard the Democratic candidate speak. There were eight different parades in the borough and it is estimated that altogether 40,000 people were in line. Fireworks flamed until midnight from a dozen different stands and Greek fire was everywhere.

Bryan broke all records of his speech-making yesterday. Beginning at Bainbridge in the interior of the state at 9 o'clock in the morning, he spoke in succession at Sydney, Unadilla, Onondaga, Otsego, Schenectady, Cobleskill, Voorheesville, Delanson, Ravena, Coxsackie, Catskill, Saugerties, Kingston, Highlands, Marlboro, Cornwall, Highland Falls, Haverstraw and Little Ferry. In New York city he made one speech at Hamilton Fish park, on the east side and in Brooklyn during the night he made six speeches, making thirty in all, for the day and night.

Still Drawing Crowds.

Hornellsville, N. Y., Oct. 30.—Mr. Bryan began his last day of his New York campaign at Addison, where he made a five minute speech from the rear platform of his car. Notwithstanding the heavy rain there was a big crowd present to greet him and bid him good speed as he left for the west.

When his train arrived at Port Jervis the vicinity of the railroad station seemed ablaze with roman candles, skyrockets and Greek fire. People yelling and hooting like Indians. Mr. Bryan's talk was broken by so many cheers and so much noise that he only attempted to say he found them so enthusiastic he did not feel that it was necessary to make a speech, even could he do so under more propitious surroundings.

Railroads Swindled.

Chicago, Oct. 30.—A dispatch to The Record from Vancouver, B. C., says detectives have discovered a swindle whereby railway conductors, ticket agents, hotel runners, baggage men and others have swindled the Canadian Pacific out of between \$500,000 and \$1,000,000 by repeated reuse of tickets, hat checks, etc.

**PARKS &
WALDROP,**

MEN'S
OUTFITTERS

Millinery Opening.

The fall and winter millinery opening of Mistrot Bros. & Co. was given Monday and Tuesday and largely attended by the ladies of Bryan and vicinity. This department is in charge of Miss Ohler and Miss Martin, who had on exhibition an exceedingly handsome display of all the new shapes and styles of hats. The popular shades are so numerous this season that it would be impossible for a novice in this realm of feminine adornment to properly describe them all, especially when the aforesaid novice is merely a man, and unable to tell much about the exquisite beauty of a hat until it is seen crowning a head with the proper Gibson poise. There are broad turbans, toques and picture hats, all very popular. Indeed, there need be none who can not please their fancy with the elaborate variety of this season's styles to select from; and now, for fear of saying something (if we have not already done so) to show how very little we know about the subject in hand, this article will be closed by advising all the ladies who have not done so to call and see the new creations at once.

Medical College to Reopen.

The Medical College of the State University will reopen its doors for the reception of students in the schools of medicine, pharmacy and nursing Nov. 15. The session will last until June 29, accomplishing a full year's work. The entire faculty have been retained, and the former high standards of scholarship will be maintained. A large force of men are engaged in the work of repairing the buildings, while the laboratories are being supplied with new chemicals and apparatus. It is hoped that the numbers in attendance will not be materially decreased. Many of the old students have expressed their intention of returning, and all are united in saying that Galveston has advantage unsurpassed for a student of medicine. The people of Galveston will give incoming students a more cordial welcome than is customary, for their presence and prosperity of the city, and a belief that storms, after all, are accidents that may befall any community.

Zaza

There was not a large crowd out last night to witness the production of Zaza, but those present were rewarded with a performance of originality and strength. There is not much in the first two acts, which serve as a prelude to that which follows. The third act introduces strong pathos and from then on the interest never lags. The story is one of the life, love and self sacrifice of an actress. That which is dark and harsh in the picture makes that which is good the brighter and leaves the moral plain. If there be some things to criticize, there is much to command attention in the play.

FAILURES AT WACO.

A Dry Goods Merchant and Commission Merchants Go to the Wall.

Waco, Tex., Oct. 30.—In the United States circuit court the petition of A. E. Kiersky dealer in dry goods and notions was filed, the petitioner announcing that he is a bankrupt and asking that the Federal court adjudge him as such. The petitioner, in his schedule attached to his petition, places his assets at \$124,640 and his exemptions at \$9625, while his liabilities he places at \$38,000. Among the assets he rendered a large dry goods establishment located on Austin avenue in this city and a branch at Hubbard City. He states that the sudden and unexpected loss of \$10,000 crippled him to such an extent as to resort to the bankrupt court. M. O. H. Park, the referee in bankruptcy, appointed John Eubank receiver of the goods and chattels of the petitioner, pending the final adjudication of the case in the Federal court.

Another Failure.

Waco, Tex., Oct. 30.—A. H. Miller & Co., cotton commission merchants, filed a deed of trust, making J. T. McLendon the trustee. The liabilities as scheduled are about \$47,000.

SEVERE EARTHQUAKE.

Capital of Venezuela Badly Wrecked and Fifteen Persons Killed.

Caracas, Oct. 30.—Caracas was visited by a severe earthquake Monday. Fifteen persons being killed and many others injured. Great damage was done to buildings, including the Pantheon and the churches. The United States legation was badly damaged, but all the occupants escaped unhurt.

President Castro, who leaped from a balcony on the second floor of the government house, had one of his legs broken. William H. D. Haggard had a narrow escape, the second floor of the British legation having fallen upon him and buried him in the debris.

The city of Caracas which has frequently suffered from earthquakes, was visited last July by a series of seismic disturbances which did great damage to property, but the one Monday was the first since then.

Division of Cuba Discontinued.

Washington, Oct. 30.—An order has been issued by direction of the president discontinuing the division of Cuba and the eastern and western departments of that division, and establishing a new division of Cuba. General Leonard Wood is placed in command of the new department.

General Fitz Hugh Lee is ordered to command the department of Missouri with headquarters at Omaha.

General Elwell S. Otis has been ordered to Chicago to command the department of the lakes.

The department of Missouri has been under the command of General Merriam, and the department of the lakes under the command of General Wade, both of whom have had the command temporarily.

Will Soon Expire.

New York, Oct. 30.—"The Chinese exclusion act will expire in 1902. Unless we are on the alert Chinamen will pour in among us, and the country will be filled with cheap Chinese labor." Chairman James McGuire of the Central Labor union made this announcement before a meeting of that body. His remarks made a sensation. "I wish to give this timely warning," said the chairman, "so that laboring men and women throughout the United States shall take measures to have another exclusion bill passed. Visit your congressmen and see how he stands on the question. Put him on record." The meeting resolved to call the attention of all trades to the exclusion act.

Case Heard by Telephone.

Corsicana, Tex., Oct. 30.—W. G. Gregory, arrested in Hillsboro on a warrant issued from Justice Grantham's court in this city, charging him with swindling Mrs. Meyer Cohen to the extent of \$2300, had his case heard by telephone. The court here was advised by the Hill county officials that Gregory was under arrest there, but did not wish to lose time in coming to Corsicana, and waved examination and execute in Hillsboro any bond the court would require. The waiver was entered on the court records and the bond fixed at \$750, which Sheriff Allen of this county has been advised was executed.

Cuban Guilty of Murder.

Santiago, Oct. 30.—Octavio Mena, formerly a clerk in the office of the captain of the port, has been found guilty of the murder of Colonel Pavon of the Cuban army, whom he killed in a drunken row. The evidence showed that the homicide was without provocation. He will probably be sentenced to imprisonment for 17 years and ordered to pay to the family of his victim, the sum of \$2000. While Mena was being taken to jail from the court room, the crowd tried to lynch him, but officers saved him.

Seven Passengers Killed.

Helena, Mont., Oct. 30.—Northern Pacific train No. 4, eastbound, was wrecked at De Hart, Mont., eight miles from Big Timber Sunday night by the breaking of a switch rod. Seven passengers were killed and several were injured. The train was going 45 miles an hour when the accident occurred. The first three cars were derailed and thrown on their side and the casualties were all among the passengers in the day coach.

Victoria's Grandson Dead.

London, Oct. 30.—A dispatch received here from Pretoria announces the death from enteric fever of Prince Christian Victor of Schleswig-Holstein, eldest son of the Princess Helene of England, and a grandson of Queen Victoria. He was born 1867 and was major in the King's Royal rifles.

THIS IS TO REMIND YOU

That all groceries are not alike. Some are made from cheap materials by poor machinery, and very little care is given to the work. That's the dangerous kind because it's likely adulterated. That's the kind you would do well to let alone. Others are made from the choicest materials, much care is given to the work, skilled labor is employed, and much money is spent in making them right—that's the kind that gives health, brain end brawn; you will find that kind in the list below:

Graham Flour 5 lb package 25c;
Cracked Wheat 2 lb package 25c;
Grains of Gold 5 lb package 25c;
Farina 1 lb package 10c, 3 for 25c;
Quaker Oats 2 lb package 15, 2 for 25c; Scotch Oats 2 lb package 10c, 3 for 25c; Hominy 2 lb package 10c, 3 for 25c; Ralston's Breakfast Food 20c package; Ralston's Barley Food 15c package; Ralston's Pan Cake 15c package; Ralston's Purina Health Flour 25c; Imported Italian Paste; Macaroni; Vermicelli; Spaghetti; Anderson's Jams per bottle 25c; Maple Syrup; Grape Nuts and Postum Cereal; Cane Juice, New Crop Louisiana Molasses; New Evaporated Apples, Nectarines, Pears, Peaches; New Prunes; Fresh Dozier Cakes and Crackers; Grits and Hominy; Lye Hominy in 3 lb cans 15c. These are only some of the good things we have to offer. Come and see for yourselves as to the variety and quality of our stock of groceries.

Happy old age

Many women who have enjoyed good health all their life begin to fade when they reach the age of forty-four. They grow nervous and irritable and suffer with sick-headaches. Their livers are torpid, their digestion is impaired and their bowels are irregular. They are experiencing the "change of life." And it is not strange that the cessation of the menstrual habit after thirty years operation should disturb the system and tax the strongest constitution. This trying period has no terror for a woman who uses Wine of Cardui. It builds up her strength and prepares her for the ordeal. When the change of life is not safely passed, a woman quickly becomes an invalid. Slumbering disease germs are given increased activity and they appear in aggravated form. If you take Wine of Cardui regularly when approaching the change of life you will be assured better health than you have ever enjoyed before. A happy old age and restful calm will be your reward. Mrs. Campbell was cured after suffering three years with "change of life." Theodor's Black-Draught, the companion medicine of Wine of Cardui, assimilates with it perfectly, curing digestive liver and kidney affections, and throwing impurities and disease germs out of the system. Both working together make a well and happy woman.

McELREE'S Wine of Cardui

YOUNG, Laurens Co., S. C., Sept. 22, 1899.
I have recommended your Wine of Cardui and Theodor's Black-Draught to several of my lady friends, and I can say they are what you recommend them to be. I have been suffering three years with the "change of life," and I did not get anything that would do me any good until I tried your medicines. I give thanks to Wine of Cardui and you, for it relieved me. Mrs. D. H. CAMPBELL.

TERRIFIC EXPLOSION.

Several Buildings Wrecked in the
Heart of New York City.

MANY ARE MISSING.

About One Hundred Persons Were Injured by the Concussion and Flying Debris—No Bodies Have Been Recovered.

New York, Oct. 30.—As the result of a small fire several successive explosions of chemicals occurred in the drug store at Warren and Greenwich streets yesterday afternoon and blew down a dozen buildings and badly damaged a score of others. The loss of life is not known, but there are perhaps 30 persons in the ruins.

The disaster was one of the most terrible that has ever occurred in this city, and rivals the Windsor hotel fire in its appalling results, though in loss of property it will be worse. Chief Croker of the fire department says the loss is fully \$1,500,000.

The big building of Tarrant & Co., makers of medicinal specialties at the northwest corner of Greenwich and Warren streets, and filled with chemicals, took fire in some way that may never be known. Three distinct explosions followed and the sulphurous smoke that followed nearly suffocated every one in the immediate vicinity. The building was 7-stories high and it was hurled in the air and completely wrecked and other structures were also badly wrecked.

The action of the tremendous catastrophe was more vivid and awful than the city has seen for a long time. Buildings fell in on themselves or toppled over on others, iron girders were thrown yards away, smashed through great walls, whole structures fell into the streets in piles so that the line of thoroughfare could not be marked out, huge splinters of iron, steel and wood were flung into the streets and into the buildings clean through the walls, where they buried women and men, people walking through the streets were knocked down and dangerously injured by timbers, glass and steel; horses were thrown down, wagons, windows, store fronts and all sorts of property for blocks in every direction was wrecked and damaged.

There are 37 persons reported missing and 100 men, women and children are on the list of the injured.

NO BODIES RESCUED.

It Is Estimated That There Are Forty Victims in the Wreck.

New York, Oct. 30.—Although hundreds of men have been working many hours in the ruins of Tarrant & Co's building no bodies have been found. About 40 persons are still missing.

Building Superintendent Dooner declares a dozen buildings adjoining and near by will have to be torn down for the safety of the people. He says 40 buildings in all are damaged by the explosion and he puts the total property loss at \$2,000,000.

Dr. Teeny, chief inspector the health department, says the havoc was never wrought by benzine or naphtha, but he believed it was nitroglycerin. It is used very largely nowadays by physicians as a heart stimulant and Tarrant & Co., as wholesale druggists, would have had to supply it. The stuff is used in very weak solution. Usually it is from one-tenth of 1 per cent to 1 per cent of water. If Tarrant & Co. had 25 pounds of nitroglycerin in their place it would have blown the building like theirs into fragments.

Body of Drowned Boy Found.

San Antonio, Oct. 30.—The body of Sam Bell, Jr., who was drowned in the terrible flood of the Medina on July 17, was found by two Mexican children buried in the sand about two miles below the point where the accident occurred. Young Bell was drowned while in camp with his parents and the family of Fire Chief Will G. Tobin. The flood bore down on him without warning while he was watering some horses. The body was discovered through a hand of the corpse protruding through the sand.

Struck From Behind.

Franklin, Tex., Oct. 30.—While one of the railroad freight trains was at the depot L. P. Maynard, a brakeman, was struck from behind with an iron bolt and had to be taken back to Palestine, where he is now in a critical condition. Sid Griffin, one of the town boys, is in jail charged with the assault.

Took a Big Dose of Arsenic.

Ballinger, Tex., Oct. 30.—Lewis Powers, a young man living in the western part of the county, killed himself by taking a large dose of arsenic. He only lived about six hours after taking it and died in great agony. Disappointment in a love affair was the cause assigned.

Playing With a Shotgun.

Taylor, Tex., Oct. 30.—The little 6-year-old daughter of M. E. Overstreet shot herself while playing with a double-barreled shotgun here. The discharge passed through her abdomen. She is now in a critical condition, with little hope of her recovery.

Two Cases of Smallpox.

Jacksboro, Tex., Oct. 30.—There are two cases of smallpox in the eastern part of Jack county. Strict quarantine is established over the premises.

RAILROAD COMBINATION.

Gates Sells Out the Kansas City Southern to a Big Syndicate.

New York, Oct. 30.—It is learned on excellent authority that John W. Gates who recently purchased a controlling interest in the securities of Kansas City Southern railroad, (formerly the Kansas City, Pittsburg and Gulf) has just sold such control to a syndicate representing various connecting roads. The new purchasers include James Stillman, representing the Rockefeller interests in the Missouri, Kansas and Texas; Cohn, Loeb & Co., representing the Union Pacific; E. H. Harriman, representing the Chicago and Alton; and George Gould, representing the Missouri Pacific. The sale is regarded as a decidedly important one in southwestern railroad circles as well as regards the Pacific coast business.

In the first place it does away with an active disturbing element in the railroad situation, and in the next place it relieves the Kansas City Southern of the old imputation of being a road "starting nowhere and going nowhere." By means of the new control it now becomes a direct road from Chicago to the gulf and by means of the Union Pacific, a direct route to the Pacific.

Securities purchased by Mr. Gates and by him resold comprise about \$6,500,000 in bonds, and about \$3,500,000 stock. The deal, it is considered, is only another step towards concerted financial control in the railroad world.

GUNNERY IMPROVEMENT.

The Best Marksmen Will Get the Best Positions in That Line.

Washington, Oct. 30.—Important action for the improvement of gunnery practice has been taken by the navy department on the recommendation of Rear Admiral Crowninshield, chief of the bureau of navigation. The department has issued a general order extending the course in gunnery instruction to each squadron of the navy. The new order establishes an "inspector of target practice" who shall be present at the "fighting efficiency practice," provide and submit a comprehensive report thereon. It also constitutes a board of officers to be known as the board of gunnery instructors who will select, subject to the approval of the commanding officers, members of gun crews to take gunnery instruction courses.

Preliminary instruction will be given; then final practice with small arms. Then sub-calibre practice will be held and then the preliminary target practice. From the men making the best records at all the target practice, ships gun pointers will be selected and those having the highest percentage will be detailed at the earliest opportunity for the advanced course, provided for on board a gunnery training ship.

Natural Gas at Corsicana.

Corsicana, Tex., Oct. 30.—W. H. Staley, who has in operation in this city a natural gas pipe line, which furnishes gas for steam making and fuel purposes, now has a third gas well on the Eden's league, five miles south of the city, and says he will run his pipe line from the city to a connection with these wells and bring the output to Corsicana, thus giving him ample gas to supply all demands. He says he will have the line extended and in operation to the league within 30 days at farthest.

Denied the Application.

St. Louis, Oct. 30.—In the United States circuit court Judge Amos Thayer denied the application of the Guaranty Trust company of New York, and Julius Welsh for the appointment of a separate receiver for the Omaha and St. Louis Railway company. In denying the application, Judge Thayer stated that to appoint one would seriously interfere with the harmonious operation of the road inasmuch as it is directly allied with the Kansas City and Northern a connecting company, and the Omaha, Kansas City and Eastern. The judge further stated that the services of Receiver James Hopkins will be dispensed with after Nov. 1.

Mrs. Richard Coke Dead.

Waco, Tex., Oct. 30.—Mrs. Mary Evans Coke, widow of Senator Richard Coke, deceased, died Monday night. Mrs. Coke was born in Georgia in 1837. Her maiden name was Horne. In 1852 she was married to Senator Coke in this city. The four children born of the marriage are all dead. The heir to the estate is Colonel James E. Horne, Mrs. Coke's brother. The estate is valued at \$250,000. It consists of valuable improved Waco property and large holdings, parts of which are in Brazos valley farms.

S. Q. Richardson Dead.

Dallas, Oct. 30.—S. Q. Richardson, for many years a well known citizen of Dallas, died Sunday night at Grand Saline, where he has been making his home for the past two years. He had been a resident of Dallas for over 20 years. During that time he amassed a considerable fortune in Dallas property and in the salt works at Grand Saline. He was a captain in the Confederate army. He will be buried here.

Body Cut to Pieces.

Denton, Tex., Oct. 30.—The body of an unknown man was found cut all to pieces near Woodbine by the train crew of the Missouri, Kansas and Texas passenger train No. 19. The head, one arm and both legs had been almost severed from the body. No clew to his identity.

Smallpox in Terrell Asylum.

Terrell, Tex., Oct. 30.—There is a case of smallpox in the North Texas Insane asylum. It developed on a negro man that had been recently admitted from Limestone county and exposed before coming to this place.

If They Just Knew!
